

PUBLIC WORKS BUILDING COMMITTEE

Special Meeting

(as part of regular meeting of Lebanon Planning and Zoning Commission)

Sept 19, 2016

7:00 PM

Town Hall Conference Room

Meeting Minutes

Attendees: Rob Cady, Jim Halene, Jay Tuttle, Linda Desmarais

- 1.0 Meeting called to order 7:02 PM by Rob Cady**
- 2.0 Rob spoke before the members of Planning and Zoning Commission, giving them brief history of the both the Public Works Study Committee and the Public Works Building Committee. Rob reviewed parcels of lands explored by the Committees, supplied preliminary design plans for future building(s), and explained that Building Committee members have worked to provide a building plan that will meet the current needs of the Town and provide for reasonable future growth. Member's decisions have been based on balancing needs with cost, attempting to hold costs to lowest possible. Rob explained that the Committee had been developing a plan that utilized the current Public Works site and the Fire Safety Complex. Due to the development that project might be delayed due to land ownership/deeds issues, the Committee had tabled the current site and began reviewing the other properties included in the original study as well as looking for other properties at might be available for purchase. Rob stated that at this time plans are still preliminary but he Committee would like to have its plan ready for Town Meeting in 2017.**
- 3.0 Meeting of Public Works Building Committee adjourned without motion at the conclusion of Rob's presentation at 7:42 PM.**

**Respectfully submitted,
Linda Desmarais**
